Technical Specificaion
1、Design & manufacture according to BS1868；
2、Weld size dimension according to ASME B16.25；
3、Structure length size dimension according to ASME B16.10；
4、Inspection & test according to API 598；

Main Performance:		
Nominal Pressure	2500LB	
Strength test pressure	63.0	MPa
Seal test pressure	46.2	
Air seal pressure	0.6	
Temperature	-29～425°C	
Medium	Water.air.steam.gas
